PROJECT REVIEW 01

Telecom Strategy Report

Jio vs. Airtel vs. Vi

> Analysis of market structure, pricing elasticity, and real-world data trends.

MOTIVATION

Understanding hyper-competition

- Massive Scale: World's second-largest telecom market.
- Tariff Wars: Brutal pricing shaping digital access.
- Infrastructure Leap: Transitioning scale for the 5G era.
- Consumer Impact: Affordability versus market survival.

PROJECT SCOPE

Study Objectives

Pricing Economics

Map demand elasticity and behavioural tariff structures.

Industry Dynamics

Assess oligopoly scale and regulatory market impact.

Data Visualization

Track historical market share shifts empirically.

DOMAIN 01

Economics

- Demand elasticity for data plans.
- Behavioural pricing-tier analysis.
- Economies of scale in infrastructure.
- Oligopoly and tacit collusion analysis.
- Two-part tariff and bundling design.
- Spectrum allocation and TRAI response.

Selection Justification

Economics provides the core theoretical models to decode competitive pricing warfare and evaluate regulatory interventions.

Selection Justification

Contextualizes external market threats, competitor positioning, and the broader Indian regulatory landscape.

DOMAIN 02

Business Environment

Porter's Five Forces

Mapping competitive rivalry and market entry barriers.

Indian Industry Analysis

Macro-economic drivers shaping telecom penetration.

DOMAIN 03

Python Data Suite

Pandas

Data cleaning and spreadsheet manipulation.

Matplotlib

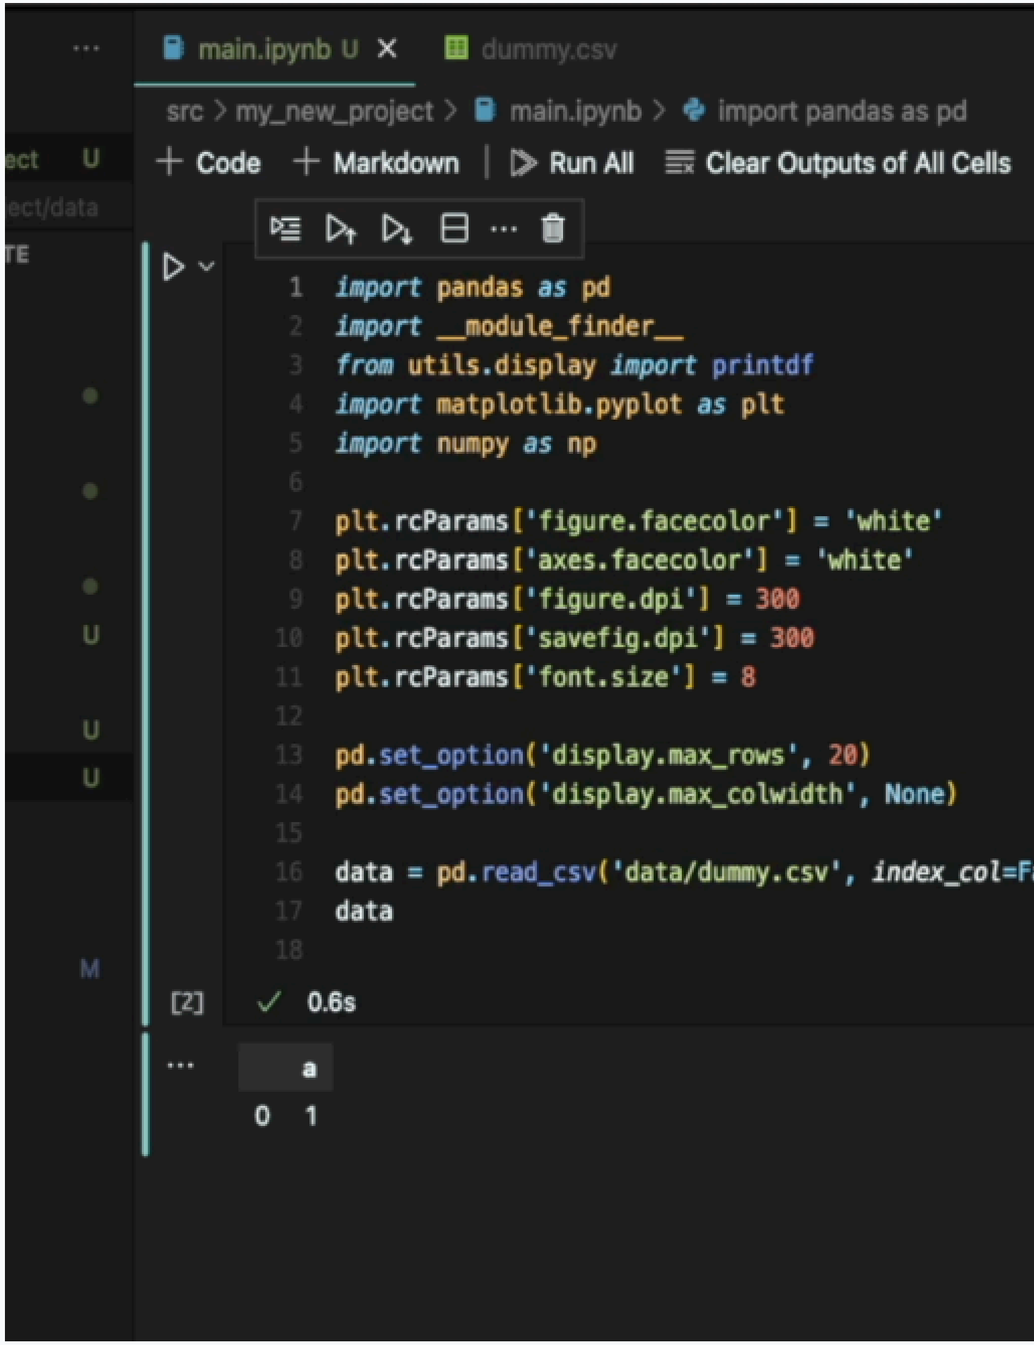

Core trend visualization plotting.

Seaborn

Advanced statistical data distributions.

Selection Justification

Enables rigorous empirical validation through real-world dataset processing.

METHODOLOGY

Phase 1: Preparation

01

Data Collection

Aggregate TRAI metrics and historical subscriber datasets.

02

Data Cleaning

Handle missing values and normalize structures via Pandas.

METHODOLOGY

Phase 2: Combining

03

Exploratory Analysis

Map visual market trends using Seaborn and Matplotlib.

04

Strategic Findings

Apply economic models and Porter's Five Forces.

05

Final Report

Combining multidisciplinary conclusions into deliverables.

Thank You
